Senior Member of Council to His Highness
the Maharaja of Mysore BANGALORE

Respected Sir

I, H P Krishna Rao, B A , (Mathematics, Sanskrit & English) Music Master, Normal School, most respectfully beg to state that I have been working for the past six years in the Rs 50/- to Rs 100/- Grade of Educational Officers in the Provincial Civil List drawing a biennial increment of Rs 10/- as per Government Proceedings Though designated as Music Master, I teach Law and Mathematics in addition to Music to different classes

In the reorganisation scheme, I have been removed out of the list, degraded to Rs 50/- to Rs 70/- and classed by some mistake with Drill and Magic Teachers who have not passed even the Lower Secondary Examination Graduates who know the elements of Sloyd are paid an extra allowance of Rs 15/- per month and preferred to promotions Music, which is a higher science will not, I hope operate as a disqualification and bring about degradation

I humbly request that this error which if left undetected will blight my prospects for ever may, by comparing the old and new lists be kindly rectified and my rank among the Educational officers of the Province restored to what it was before the reorganisation

I beg to remain,
Respected Sir

To

Visvesvaraya Esquire B A C I E

Dewan of Mysore, Bangalore.

Respected Sir,

I humbly beg your permission to bring to your kind notice the following newlines.

Edn 407-13
Serial 9

One serious charge levelled against the Educated Indian for the past several years was and still is, that he always sticks too much to the general Education, neglects its technical aspect and thus looses sight of the material advancement of the Country During the past decade, every Government has been giving encouragement to the pursuit of Arts(including theFine Arts) Music, being degenerated into a vulgar form, was considered as deserving special patronage and by inducing me, a graduate and expert in the Divine Art, to accept six years ago, the Music Master's place in the Normal School, the Government of Mysore openly demonstrated the high value they attached also to the art of Music

My work has since then, been thus -

Teaching - 1 Kindergarten games and Music

2 Music to the Special Class

3 General subjects

1 The results of the Kindergarten work are considered very satisfactory 2 As a special Music Teacher, I have been doing very useful work The Music Class attached to the Normal School is opened to private students and the subject is optional Nearly a dozen students are taught Music There are six regular students of whom Messrs M D Srinivasa Iyengar,B A B L , U D Ranga Rao, the Tennis Champion, and R Krishna Iyengar, have made good progress I have opened another Music Class under the auspices of the Institute of Music Mysore, of which I am the Hon Secretary and there are 20 students in the Class 3 I have been teaching from time to time Mathematics to the Upper Seconiary Classes, Law to the Agricultural Training Class and am now in charge of the School Library

Though designated as Music Master, it will be seen that I have been working as a general Assistant I am also consulted now and then by the Inspector General of Education on Musical Matters, being now entrusted

with the work of revising Music Primers for the use of Various Schools in the Province

In the 50-------100 old grade of Educational Officers of the Province, my rank, I beg to point out was the 18th,(Vide Civil List 1913) and there were 9 teachers below me I have been drawing Rs 70 per mensem now,being entitled to draw Rs 80 from the 1st September next But in the revision of the Normal School into a Training College, I was, in depreciation of my designation, eliminated from the list of graded Officers, put into the grade of 50-4-70 and classed with the ministerial staff of teachers such as Drill and Magic Lantern Instructors whose Literary qualifications are almost nil

In degrading me from the 50 to 100 to the 50 to 70 grade, the Art of Music stands publicly condemned at the hands of the Department My isolation for no fault of mine from the List of graded Officers and inclusion on a less pay into the ranks of ministerial staff are opposed to the liberal spirit displayed by Government in granting increased funds to the Department and contrary to the Government Proceedings which purposely transferred me in view of my Technical Knowledge from the Judicial to the Educational Department and call for Dewan Sahebs' merciful and just intervention In my grade stand such specialists as Messrs S Shamasastry, the Librarian, S Srinivasa Rao, Sloyd Supervisor, T Venkata Rao Head Master Deaf and Dumb School Mysore, and K Narasimhiengar Agricultural Lecturer of this School Mr Narasimha Iyengar though only an F A with a Diploma has already been placed in the 75 to 125 grade

I request that in consideration of my long service of 17 years and my varied qualifications, narely, B A (Mathematics, Sanskrit and English , Criminal Revenue and Registration in addition to proficiency in Music, I may not be deprived of the privileges and emoluments which I as the 18th in the list, am naturally entitled to and that I may be given my proper place in the 75-125 grade, my designation from Music Master being changed if necessary, to Assistant Master

A kind perusal of copies of my testimonials herein enclosed is solicited in this connection

I humbly beg to remain, Respected Sir
